

HIGH DEFINITION  
LIFT DISPLAY

PIXEL.  
TECHNOLOGIES

The OPAL HD lift display offers a vibrant Full HD screen in 15.6", 18.5" & 21.5" variants.

The OPAL HD range provides an embedded 16:9 colourful and informative Industrial grade high definition elevator display incorporating the promotion of tenants, building information, events, news, advertising, and communication.

The new HD 16:9 ratio screens with a resolution of 1920x1080p allow for maximum lift content and media options within the lift car Operating panel or custom surface mount fixture.

The user friendly software allows for seamless design layout configuration and updates of the displays content via USB or LAN directly connected from a pixel network or by a remote wireless / internet connection from a connected wifi router.
